

Course #	Course Title	Credit (1.0)			Availability
		LU	HSW	GBCI	
TNE015	Mitigating Thermal Bridging with Fluid-Applied Coatings	✓	✓	✓	IP OD
TNE018	Environmental Regulations when Specifying Paints and Coatings	✓	✓		OD
TNE021	High-Performance Protection for Floors and Walls	✓	✓		IP OD
TNE022	Selecting Exterior Topcoats Based on Aesthetic Performance	✓	✓		IP
TNE024	The True Value of High-Performance Coatings	✓	✓		IP OD
TNE025	USDA and FDA Compliance for Coatings, Linings and Floors in Regulated Plants	✓	✓		IP
TNE026	Fluent Translation: Correlating Fluoropolymer Lab Data with Real World Exposure	✓	✓		IP OD
TNE027	High-Performance Coating Protection for Exterior Architectural Applications	✓	✓		IP
TNE028	High-Performance Coating Protection for Interior Architectural Applications	✓	✓		IP
TNE029	High-Performance Coatings for Walls and Floors: Enhancing Design, Durability, and Aesthetics in Interior Spaces	✓	✓		IP
TNE060	Understanding Slip-Resistant Flooring: Key Considerations and Industry Standards [0.25 LU]	✓	✓		IP
TNE070	Surface Tolerant Solutions to Extend Coating Service Life	✓	✓		IP
TNE071	Recent Advancements Water-Based Coatings: Advancing Asset Protection and Sustainability	✓			OD
TNE072	Fact vs. Fiction: Unveiling the Truth in Coatings Performance Testing	✓			OD
TNE075	Innovations in Water-Based Coating Technology: Enhancing Durability & Sustainability in Architectural Applications	✓	✓		IP

IP: In Person | OD: On Demand
